EXPERIENCE

Dot Serviz LLC

Senior React JS Developer *Sep 2025 - Present*

- Currently working as a Senior React & Next.js Developer at Dot Serviz LLC since September 2025. I focus on building fast, responsive, and scalable web applications with smooth frontend and backend integration. My role includes API integration, performance optimization, and collaboration with teams to deliver modern, user-friendly solutions using React and Next.js.

Probyte Pvt ltd

React JS Developer *jun 2024 - Sep 2025*

Front-End Development & Performance Focus

- I have expertly converted Figma and PSD designs into pixel-perfect, functional React.js or HTML and CSS code.
- Created adaptive layouts that provide an optimal viewing experience on any device or screen size.
- Integrated front-end with back-end APIs using Axios, Fetch, and RTK Query for dynamic data handling.

Sky Soft Tech

Junior Backend developer *Jan 2024 - jun 2024,*

- Developed and maintained core backend services and APIs to support front-end functionality and data management.

- Gained hands-on experience in server-side logic, database interactions, and ensuring smooth data flow for web applications.

Aptech Garden

Web Developer Trainer *feb -May 2024, GDN, Karachi*

- Taught Node JS, Express JS and other frontend technologies to students , gaining hands-on expertise in full stack Development

PROJECTS

Autonomous Car prototype using raspberry pi & ML

- Developed an autonomous car prototype using Raspberry Pi and machine learning techniques like TensorFlow, NumPy, Pandas, and Matplotlib. The project featured auto-parking, lane-keeping, and obstacle detection, enhancing self-driving capabilities.

Companies projects

- Delivered front-end development for 80+ live client websites using HTML, CSS, JavaScript, and React.js.
- Built over 30 full websites from start to finish, making sure they looked perfect and were easy to use on any device.
- Contributed to full-stack capabilities by building essential backend functionalities for 10+ websites, supporting robust feature implementation.
